Jan 1 1	6192	Hale. Joseph. 8(29)(M)	33 Selsey St.	Elastic Stocking for wife. Cost 9/6	I 1 & 3.	Wife. Hannah & 3 children viz Hannah (5) at school; Joseph, (3) been ill for 12 mths; Henry (16 months) ruptured. Wife's Parents - Padwick live in same house	Was in Dock Provident Club. It broke up 18 months ~~be~~ ago & man received 30/-	Two stockings supplied thro' Surgical Aid Society

This man is a regular Dock labourer (25/-) His wife has varicose veins & was sent to C.O.S. by Doctor at Shadwell Hospital. Capt Thompson of Import Dept at Dock gives man a good character - thoroughly sober & steady. He pays 2/- per week towards his mother's support. The wife seems to be slovenly: is always tidying up, when visits are made. Case is given in charge of a lady of Committee, who reports (Jan 14) that the family are having all necessary medical attendance. In April, 90, a letter for Tower Hamlets Dispensary is given. Woman derives great benefit from the stockings.

Jan 2 2	5930.	Norley. Mary Ann (Single 63)	56 Turners Road 1 Rm 2/6 7 yrs.	Pension in Jan/89 & T. Hamlets Disp'y letter in Jan/90	Z. N.	Alone living. Had 4 brothers & 4 sisters who grew up & married. Family was consumptive. The last brother died 30 years ago	Used to send £1 per quarter to her mother when in situations & kept her in later years.	Allowed 6/- per week for 8 weeks. Sent her to a convalescent home for 4 weeks & gave a pension of 4/6 per week afterwards of which 4/- from T. Hamlet Pension Committee.

Miss Norley was formerly a nursemaid & then ladyismaid earning £12 to £14 per annum. About 20 years ago she went to an hospital to learn nursing & having got her certificate went as monthly nurse earning from 8/- per week to £2.2.- per month. The family is Huguenot & belonged to Canterbury; Miss N's father having been bedesman at the Cathedral for 36 years. His son succeeded him & Norley pere passed the remaining 15 years of his life in a local almshouse. After her father's death, Miss N. supported her mother until her death in 1866. Enquiries as to character are very satisfactory. & She is highly commended by those she has worked for & the reports from Canterbury are equally good but meagre, the woman having been away so long. She is now past nursing & for sometime has existed on the bounty of her late employers & earnings by a little needlework. She suffers from chest disease or weakness. Temporary aid was given during investigation & in June/89, the woman was sent to a convalescent home, & on her return a pension was given. Her earnings are very small but are supplemented by food from her landlady.

3	2409	Lawless Margaret ✓ Widow. 61. In 1883 said she was 64.	9 Caroline St	Weekly allowance equal to rent	W.e.	Late husband, John ✓, a lab^r, died in S.A. Two sons Jeremiah & John; both married. Uncle James Bailey ✓ Says she has lost 7 children.		Not entertained.

Woman, when she applied (Jan'90) was positive that she had never been before; instead of which there were three previous applications; first in 1880 under name of Davis, her husband being alive; then three months after husband's death (Sept 83) for help to live thro' the winter; and again in Jan'84 for the same purpose. She had been living on the bounty of neighbours. She is described as a noisy, eccentric woman; a nuisance to the neighbourhood in which she lives. All, to whom her case is referred, agree that she ought to go into the workhouse.

4	6193	Brown Geo. ✓ (Pr. 40)	4 Ann's Court 2 rms 3/6.	Help while the 10 weeks man is in S.A.	I'e.d.	Wife. Jane ✓ (40). Children; George (17) out of work. only odd jobs since strike; Charlotte (15) at B & Mays 4/-. Mary Ann (13) Edward (10), John (6) Deborah (4). Married daughter, Jane Peterson ✓ (19) 1 ch. Eastfield St. Man has 2 brothers. Woman, mother 4 brothers & a sister.	Stevedore's Burial Club.	No relief given.

The wife when she applied, said that her husband was a casual labourer but his Union ticket showed that he was a stevedore. He was out of work 5 weeks thro' the strike & had been ill 3 weeks on date of application. He had a bad attack of bronchitis. They had only the children's earnings to depend on.

Character very bad – both drink – found tipsy by visitor before 1 o'clock. Children seldom attend school; the two youngest were not attending at time of application. They had had measles three weeks before. The home is horribly dirty. The Com^e try to get George into the Whittington Shoe Black Brigade but his mother will not let him leave home. Application had been made to the M.E.D.T. C.O.S. in April/82, the man having broken his finger while at work. As the man would not attend Com^e, case was described as "ineligible". They left Perrin St. M.E.D.T. after one year's residence, owing £2 rent.

This man, a cabman, formerly lived in St George's East & had his own horse. That Committee sent his child Grace to a convalescent home. In Feb '88, the man broke his leg — slipped while walking. He was unable to work until July & during that time Mr Poulter (B.R.D) took up the case & gave relief £7.13.6 viz C.O.S. 12.9 B.R.D. 4.8.9 R.C. Mr Poulter, who had taken much interest in the case left the East end in Dec/89 & then referred the woman to C.O.S — hence application in Jan 1890. Man was suffering from chronic bronchitis. As he became worse, he was admitted to London Hospital. The boy William gets work with his brother in the beginning of Jany but the wife conceals the fact until Jan 24th when she said he went to work on Jan 20th. No further relief given. On March 18/90, the man being better, appl^n was made for admission to Convalescent Home. Woodford Home was offered & declined. Grace had been taken away from her place to help mother. Mr Poulter declines to help any more!

Engineer's Society but fell out when he left Schwartz.	Ref. Wrong address given & no subsequent application.

Mr M. used to work at Schwartz's. Refiners had done but little works since that time, they had done but little work. He had to leave his previous lodging because he owed some rent. Woman looked decent but man looked as if he drank. When enquires were made, it was found that he applied when in Poplar (1877) for payment of school fee. He was ~~seen~~ ill at that time. He had to leave one place because he did not keep his time. There is a suspicion of drink but only one direct testimony to that effect. Enquiry at Pelling St, showed that the man did not live at 13 Pelling St. Wrong address given.

10	4002	Toomey Jeremiah (Hn. 40)	5 Narrow St. 1 rm. 2 rms 3/-	Help while man is ill.	I'	Wife Mary (33) at pickle works 10/6. Children Richard (17) Jam factory 8/-; David (8) Jeremiah (6) Michael (2).		S.R.D gave 5/- & dinner for woman.

Mrs T. applied on Jan 8/90, saying that her husband had not worked for 12 months & had been removed to S.A with rheumatic gout. She had been taken ill also & they only had hers & Richard's earnings to depend on. Man does not like S.A. & comes out but does not go home. Temporary S. relief was given & nourishment for wife (dinners). This is a chronic case: there had been 6 applications before the one recorded above, all similar, assistance during man's illness. He is a ballast worker and seems to have drank a good deal when he had the means. The wife is an hardworking woman and maintains the family.

12	6198	Leonard Mary (Hn. 75)	5 Ronald St. 1 rm 2/6.	Pension or to have rent paid	Z	Husband George (75) In Mile End W.H. Daughter. Married & lives at Leytonstone. Two sons. William (40. Mrs Leonard used to act as monthly nurse but had become too old for that. Her husband was a seaman & sailed for 50 years, afterwards lived with Mrs L. until she fell ill when he went into W.H. This was 10 years ago. Since that, her earnings had gradually dwindled. Her married daughter gives her 1/6 per week & her son will give 6d & she could earn 1/- per week. Enquiries as to character are satisfactory. Decided not to be a pension case, Mrs L. not being chargeable to Stepney Union.

Man asked for assistance but having no prospect of work, application was not granted. In March/90, the man asked for temporary assistance, he had got promise of work. This being verified a loan of 10/- was granted. Wife cannot work as her eyes are affected. Dispensary letter was given. Man got to work at 35/- per week & report in May 1890, shows that the family are gradually recovering. Wife's eyes are better. This man had received assistance in Dec '88 & Jan 89, when he was ill & the wife confined at the same time. 10/- per week was given. Investigation of character then made was satisfactory, man having a good record extending over 18 years. The irregularity of his work as a painter being the chief cause of his poverty. Wife has a letter for Tower Hamlets Dispensary in June

13	5740	Clark Ann (46. widow)	32 Samuel St 3/- 2 rms	Help during illness	I. W. f.	Children: Mary 16, has heart disease; James (10) In Dr Barnardo's; Susan (7). Emma (13) In Police Orphanage. Mrs Clark's husband, a policeman died in 1881. She has a pension of 5/- per week from the Police Authorities. After Mr C's death, the widow started a laundry but had to give that up through rheumatism & take to machine work. She does shirt work for Mr Jameson of Condor St. Her daughter Mary is very delicate, has dyspepsia and has been unwell since she was 11 years old. The C.O.S. sent her to a convalescent home for 2 mths in July 1888. Mrs C. when in full work earns about 10/- per week but Mary's illness & slackness have kept her earnings down to about 7/- per week. She is described as an hardworking, deserving woman. In Jan/90, she is taken ill; the daughter's illness has developed into consumption & the only income is the pension. The S.R.D. gave assistance until end of Feb/90. The Committee also purchased a sewing machine for the woman as her own was worn out. Repayments to be made of not less than 6d per week.

When making this applⁿ, the fact that man had a brother was concealed & in a previous applⁿ (1887) he was described as a cousin. John Banks used to employ this man about 3 days per week. The references are fairly good except one from a previous address; the landlady describing the woman as a confirmed drunkard - she had to get an order to eject them. Her testimony is probably correct as she told Agent about the brother & also about the pension both being suppressed on first application.

This case has been on the books since June 1885, when the husband George, asked for help to get light employmt. He had been working for Moore & Son, Bottle merchant for 13 years but was discharged thro' slackness about 9 months before. He was suffering from an injury received in their service (while carrying a case of bottles he broke a blood vessel). The firm give him an excellent character & as a sort of compensation took on his wife at 10/- per week. Doctors think some months will elapse before he is well. Man is a Ballast Heaver. 5/- interim relief was given & the woman told to send the children to the parish schools & then the case may be reconsidered. This she is very averse to do. Her brother James takes two "James & Ellen" & John will provide for another. Mrs Brown knows the Mannings & is certain that they can do what is necessary, so case is rejected. On Jan 29/90, her husband being still in Hospital, Mrs M. comes to ask that this decision be altered. It is again considered in committee with above result.

The widow asked to have Annie sent to an Home. She had suffered with epileptic fits, since the news of her father's death was received; they were becoming less frequent. The girl was very weak & as much difficulty was experienced in getting her into a home; these institutions not accepting epileptics, the case was placed in the hands of a lady, who supplied milk, chops etc until July 4th when the girl went into Finchley Convalescent home. The widow bears a good character. Her home is clean & she gains a living by letting furnished lodgings, washing etc for lodgers.

This is repudiated by the wife who has never known the man worse for drink in 19 years. Lee used to give his mother 2/6 a week until he fell ill. The man & woman were both very weak. The woman said the man's weakness was caused by the want of proper meals while at work. The woman was extremely clean & neat as was one of the children, who was with her when she made the application. The charge of drunkenness is disproved & the reports show that both man & wife are sober & hardworking. Home is very clean. He appears to be a decent man & well spoken of. The dock foreman offered to take him on if he

The wife does vest work for Jarretts & earns 8/- or 9/- a week. Home is bare but clean. A.
Mr Evans interested himself in the case & had given the man some clothes in place of his
rags. He also paid his entrance fee to Docker's Union (7/9) & gave him a letter to St Katherines

stand why Committee did not assist, unless it be that in one report it is said that woman's
earnings are 15/- out of which she has to pay for making buttonholes. This clashes however with
employer's testimony.

She used to go out nursing but this source of income has been gradually dropping up for some time. Every summer, she goes to Cambridgeshire, fruit picking or into Kent, hopping. Her son is not able to help her, as his earnings are small — he is very steady.. Her daughters give her 6^d & 9^d per week but they are poor. Eliz^th has 7 children. Committee helped her several times but have got tired during the past three months & have not entertained the two last applications. She then went as cook for 2 years + after her master's death (4 mths ago) she has lived on her savings. There are testimonials as to her character, covering a period of 30 yrs. One lady to whom she was nurse 30 years ago commends her highly: she only ceased to help her when she married the second time + did not need help. Room very clean + tidy. Woman quite ready to ask for help.

St. James' Ratcliff.

Oct 14/90. Saw the Vicar, Rev R.K. Arbuthnot.

He keeps a record of the persons to whom relief is given and the amount. Their practice was to give help in cases of sickness and then in the form of nourishment so that the goods supplied were usually meat, groceries and milk: in the winter, coals

of work"

Usually

were given, in Market by

the Rev. G. Napier, Asst. Curate of St. John's, Westminster. Other meetings have also been held, when Papers were read. The object of the Guild is to deepen the spiritual life and the sense of corporate union. It has been aptly said that Christians should be like the spokes of a wheel, the nearer to the common centre, Christ their Master, the nearer to each other. Nothing tends to bring us nearer to each other than our daily prayer and our monthly intercession at the Altar. I hope the members will ever bear this in mind.

The Phœnix Club for Men and the **Lad's Institute** both continue to prosper, but as a special report is issued, it is unnecessary to dwell upon their work.

The **Mothers' Meeting** continues to be held in St. James' School, under the superintendence of Miss C. Parbury, and is always well attended. The books are full, and Mrs. Johnson is assiduous in her visits and kindly interest in the women. The Summer Excursion was made to Dovercourt. About 80 went, and thoroughly enjoyed the change to the seaside.

The **Nurse** continues her useful work in the Parish, and is ever ready to visit in any case of sickness. The work is done under the direction of the East London Nursing Association, which is gradually extending its beneficial operations over the whole of East London.

this way cannot be surpassed; they bring back a stock of vigour, which carries them on for a long time.

The **Convalescent Homes** are an untold boon to the poor, as on recovery from sickness, or when suffering from general ill-health, they get a time of quiet with fresh air and good food. Very many of the poor have been sent to different Homes, but they are especially indebted to the kindness of the Misses Parbury, who have received a great many from this Parish. Their Home used to be at Ware but it has now been moved to Felixstowe, where the patients get not only the advantage of change but of sea-air.

In the summer the Dock Strike brought an exceptional factor to bear on the question of relief. This is not the place either to describe the Strike or discuss its policy and result. I can only speak of it as it affected the work in the Parish. At the first idea that relief would be given, we had the whole parish on our hands. The Vestry was crowded. Many who had nothing to do with the Strike, whose work was in no ways affected, but who never did any work if they could help it, at once applied. They were told that no relief could be given in connection with the Strike, that the Strikes Committee had large sums at their disposal, and that they must apply to them. This at once disposed of a very large number, and, as far as my experience goes, relief or payment of some kind must have been made, for there was no great or general distress in the Parish. There were individual cases of great hardship, men who could not push their way amid the crowd of applicants; men who did not belong to the Union and so could get no relief; men whose work was affected by the Strike because the goods could not be landed. We tried to make out these cases as far as possible and give relief. Further, we had Breakfasts for the children

St. James' Ratcliff.

Oct 14 90. Saw the Vicar, Rev R.K. Arbuthnot.

He keeps a record of the persons to whom relief is given and the amount. Their practice was to give help in cases of sickness and then in the form of nourishment so that the goods supplied were usually meat, groceries and milk; in the winter, coals were given. Discouraged "out of work" cases and helped them but rarely. Usually sent them to the Relieving Officer.

There are two curates and beside the ordinary church work, there is a girls' club in London Street, that assists the elder girls. Children's dinners are provided during the winter.

The following extracts and accounts are taken from the parochial report for the year October 1st 88 to Sept 30/89.

The **Relief of the Poor** is always a very difficult task. To know to whom to give and how to give it; to judge between the idle, drunken, aud improvident, and the really deserving families, overtaken by sickness or misfortune. The only safe-guard is to relieve in case of sickness, where there can be no deception; and in other cases, only when the circumstances are well known by long acquaintance, or after full and satisfactory inquiry. All other cases should be left to the action of the Poor Law. During the past year there has been no exceptional distress; but there has been a good deal of sickness, and the usual chronic cases, distress arising from old age, or confirmed physical debility, which needs help from time to time. The Balance Sheet of the Alms' money will show to what extent, and in what ways relief has been given.

The children always claim especial attention, for they are the ones who suffer most. During the winter, dinners were given in St. James's School, to those whom the teachers from the Boards Schools sent as most in need. A small payment of one half-penny was asked, but very many free tickets were given. Experience had shewn that the numbers were always small on Mondays, and so dinners were only provided four days in the week, when we had about 100 a day. The total number of dinners provided was 7164, of which 888 were free. We have to thank Miss Brown for the very satisfactory manner in which all the arrangements were carried out, and also to many friends for their contributions in money and in kind; especially to Mr. Chambers for the gift of a sack of potatoes.

Many Children were sent away into the country, either by the Children's Country Holidays Fund, or by the kindness of friends; and the benefit they derive in

this way cannot be surpassed; they bring back a stock of vigour, which carries them on for a long time.

The **Convalescent Homes** are an untold boon to the poor, as on recovery from sickness, or when suffering from general ill-health, they get a time of quiet with fresh air and good food. so that they should not suffer, but, though tickets were freely given to those who applied and were in the parish, the number of children was not great, the first week, 88; the second, 88; the third, 66. Besides these Breakfasts in St. James' Schools, others were given in the Board Schools by the kindness of some of the Managers; but even then the number was not large.

Some of the changes brought about by the Strike are undoubtedly good, and ought to improve the position of the men, and since the Strike ended work has been plentiful and more money has been earned, but the result of good work and high wages has been a very great increase of drunkenness, more than there has been for a very long time past. The rules also laid down by the Union are often very arbitrary, and make it difficult for the steady men who do not care to be hampered by these rules to carry on their work, and they tend also to drive away much of the shipping from the ports. There is a general unsettled feeling which makes it evident that we are not done with the labour question, and if the winter should prove to be severe, or the present stress of work cease, there may be much suffering and want.

The appeal written by Hon. Florence Dodson was very successful in its pleading, and brought in enough money, not only to furnish the House in London Street, but also to clear the debt on the General Fund of the Parish of £58 10s. 9d. This year it leaves us with a balance of £19 0s. 9½d., but the expenses are very heavy, and we must still ask our friends to give us their kindly aid. The parish is becoming year by year poorer, and therefore we are more and more dependent on outside help. As in last year's Report, a summary is given of the total expenditure and of the sources of income.

PAROCHIAL NEWS.

ASCENSION Day was observed in our Church with three Celebrations of the Holy Communion at 6, at 7, and at 9.15. The two latter services were choral, and that at 9.15 was specially provided to allow the children of the Church Schools an opportunity of being present at the Celebration of the Blessed Sacrament, and an address was given to them by the Vicar.

There were also Matins at 10 a.m. and Evensong at 8 p.m., with a sermon by the Rev. W. Foster.

We beg to call the attention of all our readers to the Vicar's letter asking for contributions towards the excursions of the mothers and children in July. The amount needed is at least £80, but this is a very small amount in comparison with the great pleasure which these outings afford to those who take part in them.

The Festival of S. Barnabas, the Patron Saint of our parochial mission occurs on June 11th, and the notice of special services and preachers will be found below.

The Bishop of Bedford will preside over a meeting at Beaumont Hall, Stepney, on Wednesday, June 25th, at 8.30 p.m., in support of the East London Church Fund.

The accounts for the Parish Kitchen for the past winter, as sent to us by Mrs. Taylor, are given in this number.

THE VICAR'S LETTER.

My Dear Friends,

Over again we have to appeal to all our friends to help us to raise the necessary

highly satisfactory character. It will readily be understood that such a result could not have been attained except for the most generous help, and our hearty thanks are due to Mrs. Taylor, Miss Grant, the several Lecturers, and the various ladies and gentlemen who so kindly sang and recited for us. The total attendances for the Season have been 1394, a number which must be very gratifying to the managers and stewards. There will be a small balance of about two guineas which will be devoted to reducing the debt of £6 . 15 . 5 outstanding for the Vestry improvement rendered necessary by the enlargement of the Parish kitchen.

E.C.U.

The annual meeting of our Branch of the English Church Union will be held in the Schools, on Thursday, April 4th, at 8 p.m.

Agenda—Election of officers for the coming year:

b. Vote of sympathy with the Bishop of Lincoln.

We hope that some well known lay churchman will move the vote of sympathy. It is to be hoped that we shall have a large attendance of members. Since the Guild has joined the E.C,U. as a corporate body, our Branch is one of the largest in England.

As Churchmen who value definite church teaching and reverent ritual as the outward expression of Catholic Faith, ought at this critical time to join the E.C.U. They can now do so without any subscription, by joining the Guild of S. Paul, or at a very small cost by becoming Associate members.
