A rather poor lot - shifting class of people. Houses, wh. let at about 6/6, belong to a company, & the tenants are often being sold up for non-payment of rent. The broker appears to be a very necessary & useful individual in this neighbourhood.

End of Mr. Rivett's district.

I C!

This is almost entirely a new neighbourhood, & a large amount of building is still going on. As a rule, the population is of the poor, shifting class, who are more used to moving than to paying rent. The locality is looked upon as "all very well for the summer," & people seek more congenial climes in winter; – unless, indeed, as is sometimes the case, they have, by a too great forgetfulness in the matter of rent or tradesmen's bills, rendered their presence in more central portions of the metropolis undesirable. The houses here are mostly of the "cheap & nasty" order, & the builder & broker are said to be on very congenial terms.

Very poor people but most of them respect. — gardens in front of houses at top end.

Report is that landlord has been compelled to spend £1000 in repairs — it is certain that much improvement is being done. a lenient landlord does not serve notices but puts in bailiffs now to get rid of tenants.

1 boy turned out of school because he was covered with vermin – his grown up daughters as soon as they left school took to the streets – he has been dismissed for drink & other vice but has been taken on again at the intercession of Sir Edmund Currie – he has turned a cupboard in his room into a urinal & has made a beast of himself in other ways – he is now in receipt of £140 a year as assist. master in Oldfield Rd. Bvt. School – he was taken on again on his promise to give up drink but the public houses in Hackney Wick will not admit him as he is such a notorious drunkard & always makes a disturbance — Geo.
