Our Monthly Letter.

DEAR FRIENDS,

It is time I said a word or two in explanation of my presence among you, and I take the opportunity afforded by the first issue of our Magazine.

As you probably know, I have been appointed to the oversight of the western portion of the Parish of Christ Church, Poplar, comprising that part of the West Ferry Road which lies between the Fire Station and the first Dock Bridge, with all adjacent streets, except Ferry Street. In inaugurating this movement, the object of the Bishop of Stepney and the Vicar of Christ Church has been to bring the ministries of the Church to those who, by reason of the distance of Christ Church, have hitherto been more or less precluded from enjoying them.

I began work in the S. Cuthbert's District, as it is now called, on January 17th, holding Services, by kind permission of Miss J. Price, in the Mission Room at Ingleheim Place. It soon became apparent, however, that we had outgrown our accommodation, and a speedy exodus was accordingly made to S. Mildred's House, where Miss Hilda Barry very generously placed at our disposal the largest room in the building, fitting it up with the furniture ultimately destined for use in her own Chapel.

Meantime the work has been steadily growing. Our Sunday School now numbers 200, and our little Chapel on Sunday evenings is often thronged. I could wish the numbers attending the Morning Services were more encouraging; and, while I am quite ready to admit that for a great many it is impossible to attend at 11 o'clock, I still think that with a little effort and self-denial we should be able to muster far more strongly than we do at present. Also I should much like to see the early Celebration of the Holy Communion more used and appreciated.

Within the last few days we have inaugurated Branches, adult and juvenile, of the Church of England Temperance Society. We are starting a Company of the Church Lads' Brigade—an institution which bids fair to be one of the most useful and popular in the District. I am also glad to be able to state that we now have four ladies regularly acting as District Visitors, one of whom, namely Miss Gibbs, is giving the whole of her time to the work.

It will be seen, therefore, that we have at any rate made a fair start; and, although we have by no means any cause to be puffed up, yet we are glad to bear testimony to the success that so far has attended our efforts.

The new Church and Club rooms will, I sincerely hope, be in process of erection very shortly. The delay has been occasioned by a number of minor difficulties unknown, and perhaps unimaginable, to those who have never come into close contact with building operations. The site selected, the kind gift of Lady Margaret Charteris, is, as you probably know, at the corner of Cahir Street and the West Ferry Road.

I cannot close this letter without expressing my deep sense of gratitude for the universal kindness which Mrs. Free and I have received since our advent to the Parish.

God grant that S. Cuthbert's may prosper! We cannot expect to accomplish anything without many difficulties and much discouragement; but we do hope and believe that you will do everything in your power, by work, by prayer, by sympathy, by the word in season, to give us that indomitable enthusiasm which is so necessary to success.

With kindest regards and best wishes for the future,

I am, dear Friends,

Yours very faithfully,

RICHARD FREE.

By the Way.

As soon as possible I wish to divide the whole District for purposes of visiting. Ladies who read this could surely spare an hour a week from piano-playing or fancy-work to visiting among their poorer neighbours. And is it toomuch to ask some of our young men to help, too? Send in your names, and I will do all I can to assist you. You shall have twenty houses, or you shall have one, just as you please.

I look confidently to wealthy Christians for liberal support. At present there is no source of income whatever for working expenses. The District contains about four thousand inhabitants. At least £200 a year is required.

Will those who have them please send me letters for Hospitals (Out and In-patients), Dispensaries and Convalescent Homes? These are in constant demand.

RULES AND SUGGESTIONS FOR MEMBERS OF THE SUNBEAM MISSION.

N.B. Members are specially requested to read through these rules before sending the first magazine.

- 2000-

1. Members (with the consent of their parents) to undertake to supply and send by post one magazine monthly to one poor or suffering child in London or some large town.

- 2. It is suggested that members might (with the approval of their parents) send to the child in addition to the magazine an occasional friendly letter or a box of flowers, or a little garment (knitted cuffs, a crochet shawl, etc.,) toys or pictures, etc. It is not advisable to send money. When any perishable articles, such as flowers or fruit, are sent, a notice to this effect should be written outside.
- 3. It is also suggested that a double reply post card should be sent to the child, about once in six months asking if his or her address continues the same, and that those who write letters to the children should mention that they are Members of the "Sunbeam Mission," and should always enclose a stamped directed envelope, if they wish for an answer; and also that they should ask the child to let them know at once when his or her address is changed. It would be a great help if Members would always send the childs fresh address to the Central Branch as soon as they receive it. Members should give their full address every time they communicate with the child.
- 4. Poor children are entered on the list of recipients from the age of 5 to 14. It is left entirely to the discre-

tion of the Members whether they continue sending to the child they have undertaken to be riend, after he or she has passed the age of 15.

- 5. Members or Associates wishing for the name and address of a fresh child can apply to the Hon. Sec. enclosing 3d. for each child applied for, unless the child they have already befriended dies, or is lost sight of, in which case, if number, name, and address of Member is sent to the Hon. Sec., a fresh name will be supplied free of charge. In every case a stamped addressed envelope should be enclosed.
- 6. No one can become a Member of the "Sunbeam Mission" after the age of 17, but it is hoped that many above that age, including parents and others interested in the welfare of children, will join as Associates, under the same condition as Members, except that the admission fee in applying for the first child will be 1s. instead of 6d. (There is no annual subscription.) Members having reached the age of 17 can be enrolled as Associates by sending 6d. to the Branch they have joined, but this is quite optional.
- 7. "Golden Sunbeams" price 1d. monthly, profusely illustrated, is specially recommended as suitable, and will always contain a page of information interesting to Members of the Sunbeam Mission. Published by the Society for Promoting Christian Knowledge, Northumberland Avenue, London, and may be ordered through any bookseller. It is suggested that Members wishing to read the magazine themselves, need not send it away till the end of each month. It is a good plan to write the Member's or the Associate's name and address, and above it the words "If undelivered to be returned to" in one corner of the wrapper in which the magazine is posted, as the magazine

is then returned through the Post Office should the child have left the address.

- N.B. Members are requested to study the rules for Book Post as issued by the Post Office, and ALWAYS TO WEIGH MAGAZINES BEFORE SENDING THEM. In consequence of the Magazines having been overweight, or the wrapper having been attached to them, or enclosures inserted contrary to rules, the poor children have in some cases been charged extra postage, and have been obliged to refuse to take in the Magazine, not having sufficient money to pay for it.
- 8. It is further suggested that Members who write letters to the children might try and induce them to join the Children's Scripture Union (cards. 1d. each, publised at 13a Warwick Lane, Paternoster Row, London, E.C.,) or the Bible Reading Union (cards 1d. each, published at the Sunday School Institute, 13, Serjeants Inn, Fleet Street, London).
- 9. It is suggested that every Member or Associate should try to procure at least one fresh Member or Associate within one month of joining. By this simple means a very large number of poor or suffering children would soon receive a "Sunbeam." An extra letter for this purpose is enclosed with every card of Membership. If any Members or Associates are willing to circulate the papers No. 1. and No. 2. amongst their friends, The Hon. Sec. will gladly supply them in any number from 6 upwards free of charge.
- 10. Members are most earnestly requested to continue sending the magazine regularly, and if for any reason they are unable to do so, to give notice at once to the Hon. Sec. This rule is a most important one, and Mem-

Pand of Hope (27/: associated with this is a Dand of heary, walcating knisher to an wiels.

bers are entreated to carry it out conscientiously. Poor children look out eagerly every month for the magazines, and are disappointed if even one is missed, and if the supply ceased altogether, it would cause them great distress. Attention to this rule is the only means which can prevent this disappointment and distress.

It is earnestly desired that Members should make it their first object to bring before these children by means of magazines and letters, the claims of our, Lord Jesus Christ, as their Saviour and their King, undertaking this work in the Spirit of Faith and Prayer, and that they should then supplement this effort, by exercising little deeds of kindness towards them, bearing in mind that we try to supply them with the names of children who in many cases are sick and suffering, and in all cases are very poor and unable to procure the many little things which are always a pleasure to the young.

N.B. Whenever information is required from the Central Branch it is particularly requested that Members and Associates should Always quote the number on their card of Membership, and should enclose a stamped directed envelope for the reply. By writing "Sunbeam" outside the envelope, delays will be avoided when the Hon. Sec. is away from home. As the efficient working of the "Sunbeam Mission" largely depends on the carrying out of these rules, Members are earnestly asked to make a practice of READING THEM OVER AT LEAST ONCE IN 3 MONTHS.
