General notes. Visitor has been on this district 4 years, during which time has had an increase of 600 children, & 1 new Board School. There are only two, Brackenbury Road, & Flora Gardens, both full up, so they will soon require another. However they have two good national schools St. Peters & St. Johns. The district is steadily improving - drunkenness & crime not so common as elsewhere. The 19th August week would be a good week for going round with him.

General notes. This visitor has been on this block about two years, but has been employed by the Board for 14 years. This is the poorest block in Chelsea. Large number of tramps & gypsies 1c who put up here when in London. Visitor seems to know the people very well, a thoroughly shrewd man, grasped the idea of classes very well.

With regard to these families - some Visitors count all the families they can find in the street, but others only count those with School Children. Mr Wake says that the former way is the correct one, but I find that some of the Visitors hardly know themselves what to count as a family - too much reliance should not therefore be placed on these figures.

General notes. Only on this district about 6 months, but a visitor for 14 years. Many of the houses very old. Good deal of drinking by the river, & a rough lot.

Where there are no children attending elementary schools, that is under 9d the visitor writes N.C. against the number & does not count it as a family.

This population depend for work in a large measure on Thornicroft's Rosser & Russells, & Foggin's engineering factories.

Mondays is best visiting day.

General notes. This district Pt is mostly poor, but decent. A[1] is a very nice district on the whole. Building a great deal on the block. Visitor has been on only about a year & does not seem so satisfactory as some of the others. Gave a very similar description of St Katherine's Road.

Monday - visit.

Q P.C. is a stronghold of teetotalism, there being no Public house on the Estate. It is very nice & quiet. General Notes: Mr Roberts has only been on this district about 18 months. Mr Taylor (P) will be able to afford information about this district. Cremorne Gardens formed a thorough bad spot but now the cause has been removed, of course there effect is being gradually recovered from, but there are still many queer characters to be found in some of the streets which look thoroughly quiet & respectable

With regard to the small No of families in the various mews scattered throughout this district. Mr Roberts explained that many of the Stables were unoccupied, there not being enough Carriage folk to fill them & the landlord would be only too glad to get any tenant to take the rooms, but I noticed very few other than Coach- men.

Fair amount of district unscheduled

These scattered houses are found among the well to do portion of his district in such small Nos in such streets, that Mr Roberts does not enter the names of the streets, where he would not call at all were the names of the children not on Elementary School Books

General Notes. Mr Travis has been on this district deteriorated partly owing to sub-letting. to. Complain of Whiteleys very much. Portobello Road 4s 4d to 8s the latter & St Joseph's R. C. School for 5 years. This is a good class district, but has Hardly any small houses. Shops do not do like they used St. Buckingham Terrace 2s St. Marks & St. Peters National (nearly free)
