General notes. Mother has medical attendance in Feb 1881, as her husband is also ill & cannot pay for doctor. In March 1881 the man applied for admission to P.L. Stated that he had been ill before Xmas; he belonged to the British Workmans Society, Stepney Causeway which gave 10/. a week & medical attendance, but he was now on half pay, which was not enough for his requirments. Went into B.H. Oct 1881 the man applies for medical attendance for self, stated that Margaret & Julia were then working at fruit warehouse, earning 7/. & 7/6 per week. He had given up the sick club, being unable to keep up the subscriptions. He was suffering from anthrax & was admitted to P.A. till the 31/10/81. Woman had medical attendance in 1884. & the man in Nov. 1885 was admitted to B.H & came out about Xmas. In Feb. 1886 he was again admitted for a month; stated that Margaret, Hannah & Julia were living at home, and worked as factory hands. He again came back & spent Oct. in the same retreat, as his family could not support him. & also Nov. 11 to Dec 20th. & again Feb to April 1887. He then went to live with his family at 1 Stepney Causeway. They kept him till August 1887, when they again failed in their duty to keep him as he thought they ought to do. so he turned his back on an ungrateful family & was admitted to B.H.
The mother makes 3 applications for medical attendance. The last time (Nov. 1888) she stated that she was entirely supported by Hannah & Margaret, they lived at 4 Balls Buildings.
Her husband had run out of the sick club, because he preferred to spend his money in drink.

Man had medical attendance in 1881 & son John in 1882, husband could not get regular work. had earned a few shillings at hop picking: in Feb 1883 man was admitted into B.H as he was very ill & unable to work & stopped there for a month suffering from bronchitis. Woman in the meantime applies for medical attendance for

7 Cornelius, states that John & Johanna are in the parish schools.

8 John had been in the S.A & had had medical relief several times

In 1886 there is the same old tale, one or another requiring medical relief, man of course can do no regular work. & 1887 is just the same. In Jan 1888 the man goes into the S.A. for four months. John is still in parish schools at North Hyde, Cornelius is sent to Leyton schools; Johanna to Walthamstow, & Annie is with her grandmother. The woman is left alone at 44 Queen Catherine's Court. & yet this misguided woman, not relishing her solitude, is confined in Feb 1888 with Bridget & applies for outdoor relief & obtains it together with medical attendance. In April the man comes out, but wants medical attendance, his wife does bottle washing. In June 1888 there is a glorious re-union, & they all go into the country to work. In Oct. the man and children retire into B.H & he & Cornelius pass on to the S.A. John comes out, meets with an accident which puts him in London Hospital. Jan. to April 1889 is varied by medical attendance on wife with ulcered leg, & husband & Bridget.

April 15th 1889. Wife & Bridget are admitted to S.A & John to B.H.

She states that husband is at home unable to work. Annie is with grandmother. Johanna is in Walthamstow schools & Cornelius in S.A.

Man subsequently applies for 44 weeks medical attendance.

Enquiries. Peter Barry & his wife have been known to R.O. for some years. Barry is a quiet & well-behaved man, sober & respectable. He is apparently consumptive. His wife is a robust

woman of rougher type. She struggles hard to keep her sick husband & children. Nothing is known against her character. 18/3/90. Today the home has been visited, it is very clean tho' poorly furnished. She is living in an old house in Queen Catherine Court in which she has effected quite a transformation it being formerly exceedingly dirty.

Her husband has been dismissed by Mr. Alexander, as he did not require his services any longer, he earned 18/. a week while there. Before this he worked for his son Jabez who kept a dairy in Love Lane, but he lost all his cows by disease. He (the father) now served a few customers with milk which brought in about 4/. a week. R.O referred this as a deserving case to C.O.S. but they declined to interfere.

April 1882. man applied for admission to B.H. His wife buys milk wholesale of Mr. Alexander & sells it. makes about 6d. a day. but he can find nothing to do. Alfred & Francis pay the rent 2/. week. Mr. Alexander gave the old couple a fairly good character.

R.O saw Mr. Alexander's foreman who said he only knew the old woman as a customer. she brought 2 quarts per day & would make 5d. to 6d. out of it. R.O also saw Mr. Warman, who spoke very highly of the man, & gives him 6d. every week, but has not a good opinion of the woman, thinks she "laps" too much. Nurse Clair (district nurse) also stated that the woman drinks. She does not get outdoor relief.

8/4/84. R.O visited son Francis, who lives in a small two-roomed house 6/. a week rent. a dairyman. in the employ of Mr. Adams. Average earnings 18/. a week. Has 3 children dependent. Called on Mr Adams who corroborates, gives man a good character steady industrious sober.

Will not go to S.A. because she has smoked since she was 20. & will not now give it up. ~~A fortnight~~ four months later R.O. saw Mrs Cripps coming out of the "Red Lion" public house. Mrs C. explained; her landlady & fellow lodger sometimes "stand treat" to cheer her up. they are very kind to her. Could she have outdoor relief now, her children cannot pay her rent any longer, so she only has Rev. Brown's 2/6 a week. Is living at 48 Love Lane. 2/. per week rent. Does not get it.

General notes. R.O. states in book. that this man has been chargeable off & on since he was 16 years old. To enter each of his applications would entail the setting apart of a special record book. He is a thorough drunkard & has frequently given as his reason for leaving the work-house that a "fellow must have beer & tobacco". He is well known to the police & has on more than one occasion been imprisoned for drunken & riotous conduct. He will not work if he can possibly beg or sponge on others. He is constantly coming to the Relief Offices drunk & is as often removed by the police. Taken altogether he is a drunken disreputable loafer.

A letter from Mr. Deason (Master of Poplar Workhouse) states that Denis generally comes to his office on Saturday night between 10 & 12 p.m. mostly somewhat intoxicated.

I saw Denis come into the office about the end of May. He wanted an order for Poplar, but Mr. Stacey would only give him one for Bromley, whereupon he used very threatening language & ~~[illegible]~~ said he had a razor sharpened ready for Mr. Stacey, who obtained a warrant against him. Sentence to find a surety for £10. or go to prison for a month. Denis went to prison as he could not find the surety.

The whole of the money is now expended. Did not get it.

Miss Mary [Sec.y to Metropolitan Association for befriending Young Servants] sends a letter to the Guardians, asking them to contribute something towards the 5/. a week required to keep her. No. 556. (1) [D h] Was been in receipt of medical relief & also in S.A.

Joshua Lincke, aged 61, a coal heaver of 11 Narrow St. cohabited with a woman named Rhoda Davis for over 40 years & had a large family by her. viz. Jane 21. Alexander 20. Charles 40. William 29. Herman 33. Caroline 36.
We had previously lived in 27 Stepney Causeway for 8 or 9 months & at 16 School House Lane for over a year & 7 Bere St. over 2 years. His wife(?) helped to support him by trousers making, & his son Herman by chair caning. The other 2 sons were married, & no mention is made of employment of Alexander or the two girls.
On 8th June 1881 woman wants her husband admitted to S.A as he has been ill for some time past.
R.O. visited the home & found the man trying to get into bed with his clothes on, having evidently been up all the morning. He was suffering from a bad foot. The room was very dirty indeed & in a state of disorder. This is a low dirty drunken family.
Rhoda Davis worked at trousers making for Mrs. Smith of Ratcliff Cross. She applied in April 1882 for medical attendance for her daughter Jane. Thinks it is small pox. Jane has been at domestic service. earns 2/6 per week & her food.
In Nov 1888 she applies for medicines for Joshua Lincke Her son Alexander (an errand boy) has left home & she does not know where he is. Man is admitted to B.H. 21st Feb 1889 & is sent to S.A on the 23rd & leaves the 6th. April

George Herman Lincke (Joshua's brother) aged 77 a widower lived at 21 George St. Ratcliff. He was a stevedore. but in 1877 he had a stroke of paralysis by which he lost the use of his right hand & leg. He had saved up a certain amount of money which kept him for a time & he then went to live with his only child, a daughter Charlotte. who had married a fireman named Dorring & had a large family. She could not keep him any longer so he applied for admission He was admitted to B.H the 2nd Oct 1880 but for some unexplained reason he comes out again on the 6th same month & we hear no more of him

Charles Lincke (Joshua's son) aged 40. a married man, lived at 30 Carolin St Ratcliff with his wife Jane. They had 3 children John 12. Alfred 10. & Joshua 9, whom they supported the man by docks labour & the woman by washing. Her ~~maiden~~ maiden name was Foote (see page 1355) & she had a sister Annie (see page 1356) & also one named Harriet, who was born in 1856, & had married a railway labourer named Hoskin & gone to live at Morant St. Poplar, & also a brother James.

23/9/80. Mrs Lincke applied & stated that her husband Charles beat her last night, she applied for & obtained a summons this morning & the magistrate advised her to apply for admission. He refuses to maintain her. She is afraid to go home tonight as he carries a razor in his pocket & has sworn to kill her if she goes home. He drinks heavily & was drunk when he beat her. He told her this morning to leave the house & at the same time held his razor open above her. R.O. visited man was not at home. Saw Mrs Medlock a fellow lodger who informed me that a short time ago (this evening) the woman was compelled by her husbands violence to leave the house. Admitted the woman & her 3 children to Poplar House. The next day I saw the landlady who said that the man behaved with great brutality to his wife & had threatened to kill her; but the man himself came to the office & said that his wife had also been drinking (with this landlady) & they had had a quarrel, but he was willing to receive them home again & provide for them. They were therefore discharged from P. H. Next occasion they come into the books is in August 1884 when the wife applies for medical relief for the husband who had been taken suddenly ill & again in Nov 1886 she applies from 124 Whitehorse Street for medicines for her husband. On June 3rd 1887 Mrs Gill (the landlady of 124 Whitehorse St.) said that Mrs Lincke had been confined with a still born child & was very ill. Had medical relief granted for 2 weeks. Her husband called the next day & said he would like his wife to be admitted to S.A as he was out of work & could not properly provide for her, but the woman would not go as she did not feel well enough to be moved. The last application is in Aug 87 for med. attendance for man, living at 8 James Street.

Was medical relief in August 1882 up to 28th March 1883 when she is admitted to S.A suffering from bronchitis, by the application of her daughter Annie, who stated that her brother James was now out of work, & could not afford to keep the mother. Mrs Foote left the S.A the 28th April 1883. From information received it seems that this woman takes rather too much drink. On Sept 7th 1883 the woman came to the office & said that her son James had ill treated her & would not keep her any longer, & that her goods had been seized for rent. She was now living with her daughter Annie. but felt very ill & would like medical relief, which was granted. Oct. 29th 1883 daughter Annie said her mother had been taken worse & wanted to be admitted. R.O visited same day, woman lying on the floor on a mattress very ill. Sent conveyance for her at once. Mr. Maloney. V.O. said that when it arrived at S.A the daughters who were with it were drunk. She left the S.A Feb. 26th 1884, but has medical relief in April 1884.
4/9/84. Application by Harriet Hoskin for medical attendance on mother. She now James supports her. He is employed by Mr. Braze of Brook Street. She (Harriet) is a widow & is living with her mother. Medical attendance granted for a fortnight.

Annie Lander ✓ (Elizabeth Foote's daughter) lived at 13 Warton Place. worked in a fruit warehouse, & also a tailoress. Her husband was a sweep, with whom she co-habited several years before being legally married. They do not appear to have had any children (illeg. or otherwise) In March 1881 Harriet Hoskin stated that her sister Annie Lander had small pox & wished to be removed to Small Pox Hospital. She was admitted from Mar 21st to April 13th 1881. Hear no more of her.
