In July '87, R.O. visited Mrs Hall, who was very ill. He found her surrounded by some women, who had been drinking & she said her illness was due to illusage by her husband & son-in-law Neville. Both beat her. Next day, the man came & said that they were all drinking together, when his wife attacked him & Neville. They simply pushed her aside. She is very violent when drunk. In Jan'88, the man asks for medicines for his wife. He is a teetotaler. Last appl.

General Notes. The first application connected with this family is in June '80, when Ellen has small pox & is sent to Homerton. They are then very poor. The man's earnings as a builder's Hod man being precarious. There is a further application in 1882 for medicines & in 1887, the woman has medical attendance: Both the elder sons had left home & the two younger worked at a ropewalk. In July '88 the girl Isabella asked that her sisters Ellen & Sarah might be admitted. Her mother died on April 25 & a few days after her father met with an accident, injured his spine & he was still in the London Hospital. Her brother Charles was a carman &

he was doing his best ~~not~~ to keep them. He had taken Wm until the father was better. Home (32 Stepney Causeway) was most cheerless & neglected. The three children were playing in the street. They were admitted to B'wH. In following Sept, the girl Isabella asked to have Wm admitted but as they had gone to S Lydia St. In E.C.T. she was referred to that parish. In the same month, the man was transferred from London Hospital to S.A. On Jan 2nd 1889, Isabella & Wm were passed to Stepney from In. E. C. Town. Thus five of the family were inmates in April 1889.

The subsequent history is sad. The daughter, Isabella got a place in June '89 at a hair-dresser's in Commercial Road. She left in a few days as the place was too "low" for her & got a place at a public house in Shadwell. The next thing heard about her was that she was living in Gill St & she is admitted to B'wH. in March '90 suffering from lead poisoning. She got on at the Lead works by saying she was 19 years of age. Has had a situation in Brighton since but was dismissed for general bad character. The father lingered on in S.A. until Feb '90, when he died.

She was recommended S.A. but did not go in, having a great horror of such places. Her husband was a foreman for 35 years at one place (33/- per week). Six months before his death he was discharged & a younger man put in and a few months before this he lost a son (aged 35) who used to work with him. These troubles preyed so on his mind that 6 months after his discharge, he cut his throat (July 1879). He was an Oddfellow and Mrs A. had, including his savings about £25 after his death. She went into lodging for about a year & then went to live with her daughter, with whom she had been over 5 yrs. The pension was granted on condition that Mrs A. left the Ricketts; the husband's character not being up to C.O.S. standard
