Interview with Rev. J. B. Nicholson B.A.  
Supt Minister of the Poplar Circuit of the Wesleyan Methodists.

Mr N. has been stationed <sup>here</sup> 1 3/4 years, having previously served the Churches at Clapton, Ealing and Ravenscourt Park. The Poplar circuit includes 3 chapels and Mr N. is the only settled minister but he is assisted in the preaching services by other ministers from other districts and lay helpers.

People are mainly working class: ~~with~~ shopkeepers in the main streets. As you get farther from the main streets the people become poorer. Ironworkers, men in building trades, labourers of all kinds. Near the East India Road most are Londoners but in the Isle of Dogs there is a large number of countrymen.

There is much indifference and apathy amongst them. He does not ascribe it to hostility or the influence of other churches or socialism but thinks it is due to the long hours of heavy toil which exhaust the energies of the people. All the ministers and clergy will tell you that they are

not touching the people as they ought". He had systematically visited the district within half a mile of the Poplar Chapel but the results were not equal to what would have been attained in any <sup>the</sup> district he had been in.

In the Poplar Chapel mainly the shopkeepers; in the other chapels working class; in each case the people are drawn almost entirely from the immediate neighbourhood.

Mrs Nicholson is the only paid minister on the circuit. There is a paid lay helper, <sup>(Mr Pledger)</sup> attached to the chapel in Cubitt Town & working in the immediate neighbourhood. His chief duty is visitation but he also preaches and is in charge of the Cubitt Town chapel. There is also a Mission Band of about 60 members which visits the houses near the Poplar chapels; holds open air and other mission services. Most of the members however are young people and do not get home until late in the evenings so that their work is principally done on Sundays.

Three chapels: seating Poplar about 1250 persons; Cubitt Town & Millwall about 200 each. Also a good school room at Poplar.

No charities connected with the circuit. There are quarterly collections at each chapel for the 'poor fund' but this is practically limited to the sick folk connected with the Church. They have also a fund raised for helping the people at Christmas, which is not confined to their own people. Collections are also made for societies such as the Strangers' Friend Society

Made a general reference to these; the only specific point being an allusion to a P.S.A. at the Edinburgh Castle on Sunday afternoons which is largely attended. The young people are kept by the prizes. Several of their own, who have been brought in since they joined the P.S.A. still continue their membership and some walk two miles to the meeting, many coming from 'the island'.

Not much co-operation in philanthropic work. They have not much to give. The Poplar Benevolent & Accident Relief Society (Sec. C.W. Raymond  
24 Lawrence Road Bow) does a good work. Gives a good deal at Xmas. To arrive at this point, we had been an hour and a

half, so that I hurried over the remaining questions, especially as I found that, apart from the purely religious work, Mr N. had not taken an active part in local matters.

Does not regard the administration of the Poor law favourably. gave a case of an old man of 75, for 35 years a member of their church, Evidently a steady man, who had only worked for 4 employers, a class leader etc. He had saved in the Foresters but owing to losses of the Society he had been paid off. After some difficulty Mr N obtained 5/- a week from the guardians and collects 7/6 a week from the church members for him.

Bad. Worse than anything else.

Mostly near the West India Dock Road. Garish. Different to West End. Appeals to sea faring men. Also mentioned Jamaica Street (M.E.C.T.).

Due to drink as a rule.

Poplar Chapel is licenced for marriage. Does not find early marriage prevalent. Marriages are mostly those of their own people and as a rule they are thrifty. Many marriages through the Registrars

Office. Should see Registers as to this..

Mr Robert Brown, Poor Steward of Poplar Wesleyan Methodist Church, of 29 Abbotts Rd, South Bromley. Also an Overseer of Bromley St Leonard and the Chairman of the Public Library Committee.

Mr B. has spent all his life in Poplar. The original Wesleyan chapel was in Hale Street. The new chapel (corner of Woodstock Road) was opened in 1868 and the Hale Street Building has been used as a day and Sunday school since. The day school has been open over 34 years. Mr B. was brought up in the school. He is now a ~~the~~ corn dealer, having his shop at above address. A corner shop. He is a quiet and somewhat reticent man but keen and well-informed on local matters.

In speaking about the district or Poplar, the region thought of was mainly the streets within a short distance of the East India Dock Road, including the part of South Bromley known as the Abbott estate, which people come <sup>to</sup> speak of as Poplar.

The character of the population has changed greatly within the past 20 years. Then the ship-building

- building was flourishing and a large number of men employed in the trade were resident, also good class mechanics and some middle class people.

These have gone to the outlying suburbs, the district about Upton Park being a specially favored one. The process still continued. 99 out of a 100 young people when they marry leave the district. Rents are cheaper and the houses more convenient.

Now the rent on the Abbott Estate is 13/- a week for a 7-roomed house in Abbott's Road (reckoned the best) and 12/- a week for the other roads. These houses have four rooms upstairs and three on the ground floor. Occasionally they are let in half-houses but this is not usual. Rents are about as dear now as 20 years ago but they are rising. There has been a fall meanwhile but it has been made up since.

People now living in the district include a number of various occupations in the City; a large number of train & bus men (neighbourhood convenient as near the train terminus); also a considerable number of Donald Curries men and others employed at the mills

mills.

The working men are generally under the influence of ~~socialist or ethical teaching~~ if they trade unionism. Their teaching if anything is social and ethical. Not that socialism proper is strong here. It is stronger in Bow. It is really a modified socialism, reflecting the influence of W<sup>m</sup> Crookes who is the leading spirit here and holds meetings outside the Dock gates on Sundays. One good thing about it is a strong opposition to drink and gambling.

Mr B. thinks that the ministers do not reach the working people because they are middleclass men & have no real sympathy with this class of people. They do their best and work hard but the service does not appeal to the working man. He would like to see the liturgical service abandoned and the services conducted more on a mission style. *Thinks they Church do this sort of thing (e.g. the liturgy) better in church.* The <sup>Chapels</sup> are too respectable.

At their church they have had considerable

difficultly with their work, owing to people leaving the neighbourhood etc. They built a lecture hall a few years ago - until that time they were free from debt. ~~It cost~~. When Mr Nicholson came they were burdened with debt - about £300 on the Circuit fund + £80 on the Trust fund. Since he came there has been an improvement; this has all been cleared off.

Thinks the Salvation Army are doing most in Poplar. Their barrack is in Kirby Street. They hold two large open-air meetings (on Sundays); have a good band and get the people. The churches have open-air but talk into the air. The United Free Methodists (E. J. Dock R<sup>d</sup>) are burdened with debt (£2800). Their chapel has been built about 30 years. The Roman Catholics are in Canton Street (St Mary and St Joseph) but don't hear much about them. St. Matthias is the best church in Poplar. Mr Keel is a good fellow and works very hard.

There is very little poverty. Less people in the workhouse than for years past. The rates has gone down 3<sup>d</sup> on the quarter and this is mainly due

due to saving on the poor rate. ~~The~~ Trade is better: the Thames Iron works for instance is doing more.

Don't think things are quite so bad as formerly but quite bad enough. There are temperance organizations connected with the churches but not very flourishing; really nothing apart from the churches. Drinking mostly by men. On Saturday night the houses on the other side of the Lea close at 11 pm. and the people then come over here to finish up their that three parts of the people turned out of the Publichouses in Cannon Town come over 'the bridge' to drink at the Iron Bridge Tavern or the Aberfeldy Tavern.

Conditions are much better than in past; chiefly due to the L.C.C. Drains are always looked to, when we have a case of infectious disease.

~~Most~~ people relieved by Board of Guardians and C.O.S. Parish charities at Epiphany (about £200) distributed by Vicar and Overseers. C.O.S. send a number of people away to homes and the churches also do a little in this work Has been on Bd of Guardians 3 years - finds very few applicants belong to the churches. Many Roman Catholics; the bulk of those who apply are Irish people.

As to the police, would only say that there are a

lot of blackguards amongst them. Once he had to order two of them off his doorstep (a corner shop) owing to their disgusting talk. I think that they are bribed by the publicans altho' he has no absolute proof. They seldom take anybody for drunkenness.

There is a good deal of petty housebreaking in the neighbourhood, mostly on Sunday evenings and this has grown to such an extent that people fear to go out then. They have not caught anyone yet.

Replying to question as to how young people spent their evenings Mr B. said that they worked very late; think the proportion working late has increased. Many go to the music halls: there is one in High Street (Roper) and one has been opened at Stratford. Many go in for sports of various kinds; also Blackwall Pier is a popular resort - go to watch the boats etc.

For the United Methodist Free Church - see Mr Lear 65 East India Dock Road. He has been connected with the Church many years.

Mr Cook of Burdick and Cook, 122 Eastferry Rd is the 'backbone' of the work on the Island.

Interview with Rev. W. Daniel, Comdale  
Chapel, Lenichona, and W. Tidyman Esq.

Mr Daniel is Minister of a Congregational  
Chapel in Commercial Road, close to Lenichona  
Church. He has only been there for some months  
having previously worked for some years in  
Barnaby and Patterson. Owing to the shortness  
of his experience Mr D. is not prepared to speak  
as to the character of the District with any  
authority.

The work at Comdale Chapel was in  
very low water when Mr D. came, and the  
object of his appointment is to see whether it  
is capable of being worked up. If he finds  
that things do not improve he will recommend  
that it be closed.

Chapel and two back class rooms. There used to be also a school room which was given up some years since thro. want of funds and difficulties as to removal of heat. It is since then that the work has languished.

Two in Chapel and two outside on Sunday. In morning about 100 and evening about 150. (Great increase since Mr D. came). At the outdoor services about 150.

Communicants :- Roke just over 100; 27 received since Mr D. came. Attendance for last five, 41, 51, 63, 61, 77.

There is a service on Wed. evening: about 35. The congregation is fairly well-to-do; nearly all connected with the docks or shipping.

Youth's meetings on Tuesday and Friday: on Tuesday for Sunday school and Choir boys; on Friday for young ladies: have to visit the members to 40 for want of accommodation.

Young Women. No. attendance 150.

Mr. D. devotes one day to visiting, and  
often visits in the evening so as to catch the  
men. He comes into regular. There is no fixed  
district, but Mr. D. makes it a point to  
"begin" at Jerusalem that is not to neglect  
the immediate neighborhood of his chapel for  
a wider field.

The sacramental fund of about £1  
a month is devoted to wharf, and about £5-

18  
from other sources. There are a few old pensioners.  
The whip is in hand, and as far as possible for  
children.

Mr. D. has quite C.O.S. views on the subject  
of whips, but finds it very difficult to work  
with the Committee owing to the frequently offensive  
behaviour of the Clergy, who are largely represented  
on most of them: I don't like being patronised  
by some boy merely because he has orders of which  
I certainly lay little store. This is the sort of  
things that makes the iron enter into one's  
soul. Swedenborg has behaved very well  
and sent Mr. D. a cordial letter offering  
cooperation. When Mr. D. was at Boston  
he worked well with Mr. Watson, the Vicar of  
Ch. Ch. On Mr. Watson's departure he sent a  
letter of welcome to the new Vicar, welcoming  
him to the district and hoping that they  
might work together: he received a reply of  
eight sheets telling him that he was living  
in a state of schism, and that the Vicar  
could have no dealings with him unless he

joined the true church.

It will be seen that the work of Comdale Chapel is at present very small, but the man must not be judged by the present condition of the work.

Mr D. is a man of about 50; with the rather full, bearded face, and the snub nose typical of so many non-conformist ministers. Though not so plain and coarse, he has the Spurgeon type of face. On the whole he impressed me very favorably as a man of a pleasing personality, and as an active and probably successful minister. His great aim of course is to develop the spiritual side of his work, but he fully recognizes that the social side must not be neglected. "Preaching alone is not enough. One must have institutes and societies to bring the men and the young people in." Mr D. has always made a great feature of work among men and lads, and has always been able to get hold of them. Both on the spiritual and

20

social side he thinks this field is much better covered in fact than South London; a very large number of men attend the services at the Wimbush Lecture, Row and Long Institute, The Great Hall etc. Altogether the East End is much more alive than Barnaby; there the "working man's sole idea is to 'bury his nose in a quart-pot'" and spiritually and intellectually the place is dead. The East End gets much more than its fair share of public attention. Battersea though spiritually much more alive than most of South London, owing largely to the influence of John Ruskin.

Mr D. is a bit of an artisan, carpenter, painter etc. Since he has been here he has put in two or three hours overtime daily in repairing and decorating his chapel, and often begins at 6 o'clock in the morning.

He mentioned too that he never had a service without flowers in the chapel, both cut and potted; these he provides at his own expense. Mr D. spoke of the terrible difficulty of

21  
Caring on the work of the free churches  
owing to the absence of endowment. Very few  
that go to the support of his work comes  
out of the pockets of the congregation and  
they have to provide at least £5 a week.  
Mr D's stipend is £150 a year: "I am  
often conscious of the contrast between my  
£5 a week and their small wages but I  
am a married man with eight children and  
cannot live on less."

Rev<sup>d</sup> David McQueen of Poplar Presbyterian  
Church, East India Dock Road & 297 Burdett Road.  
(Blunsell St.)  
(G.B.A. May 17/97)

Mr McQ. is a man between 30 & 40, and altho' he has no peculiar accent, speedily reveals his nationality. His work is mainly directed to meet the needs of the Scotch element, which forms a large proportion of the inhabitants of the Abbotts Road district, <sup>Poplar</sup> and the Isle of Dogs. On an average, he finds that 3 out of 5 engineers on board ship are Scotch. In the neighbourhood of Abbotts Road, there is a Scotch colony, mainly Peterhead and Aberdeen men. These towns supply a large number of ship's carpenters; due to the fact that these places <sup>are</sup> ~~are~~ <sup>engaged in</sup> wood shipbuilding. The men are employed by Donald Currie &c.

Beside the Church in Poplar, Mr McQ. has a chapel in West Ferry Road, which until recently has been worked as a church with a minister. The minister has now been withdrawn and they intend to work it as a mission.

mission, putting a missionary in charge, who will work under Mr Mc 2.

Besides Mr Mc Queen the minister, there is a seaman's missionary who boards the vessels coming into the port to enquire after Scotchmen & to help them & introduce them to the church. Also a Biblewoman and nurse engaged in visiting in Poplar. She also gives some food & clothing where needed. Have 11 district visitors (ladies) at work in the neighbourhood but find it impossible to give them fixed districts; each lady has a certain number of families to look after instead.

The Church which seats about 350. A hall (250 seats) and 3 classrooms. Besides these buildings at Poplar, there is the chapel at West Ferry Road seating persons.

On Sunday, Service at 11 am. Attendance about 160.  
" " 6.30 pm. " " 240 comfortably full.

Sunday school at 3 pm. 211 scholars on books; average attendance about 190. Evening session for 4 months in the year, for preparation of scholars for Scripture examination in March. Senior Bible class 3 pm.

Other Meetings & Social Agencies

Also hold religious services on Sunday evening in two registered lodginghouses in the neighbourhood, one in St Ann's Street, where they find 40 to 90 lodgers; the other in Dodd Street, attendance 20 to 40, the attendance being least in the summer when the men stay in the parks etc as late as possible. Wednesday, 8 PM. Service. average attendance 50.

Other meetings are:

Monday, mother's meeting in Hall. About 20 attend. Supply them with materials by clothing club.

Thursday 8 PM during 7 months of the year. Christian Association meets. A social & religious society, supported by the members of the church generally. There is also a Band of Hope with about 200 on the roll and an attendance of about 70 in the summer and 110 in the winter. Some are very poor. Senior Temperance Society, but not very flourishing.

A cripples band (in connection with the ~~R.S.~~ Ragged School Union. They visit about 20 cripples in their homes. There is also a Dorcas Society (See page 26), a Seaman's library, a Magazine Society and a Circulating library.

## Educational work

The Sailors' library is a collection of books for the use of sailors when at sea. It contains standard works, scientific & other books useful to seafaring men and is not confined to religious literature. The men select the books they want; these are packed in boxes holding about 15. Also arrange for ships to change their boxes with other ships at foreign ports. Have about 600 volumes and have spent about £200 on this during the past 2 years. Have not lost a book yet.

Magazines Society buys the current popular magazines ~~of~~ and sends them to their members and adherents abroad. Sent nearly 700 magazines last year at a cost of about £17.

The Circulating Library (2<sup>d</sup> per week) buys recent works, (Barry's, Ian Maclaren, Crockett etc) circulates them amongst its members and then generally sells them to the Sailors' library. "Very successful"

Nursing done by St John's nurses. Very good nurses and the society deserves every encouragement. Been to several of our people. A lot more could be done if there were more nurses.

## Nursing the Sick

## Charitable Relief

## Other Religious Influences.

26  
The Dorcas Society has two objects: to relieve "old people, and (2) children. The number of old people over 65 years of age are allowed about 3¢ a week. About 12 of these are given a pension and another 18 are helped at intervals. Find it better to help 12 thoroughly than more partially. Make certain that they are alright.

Also look after some of the children attending the Band of Hope etc. Supply clothing - teachers have to make a report. Have connected themselves also with Ricardo Street Board school and during the winter months boots etc are given on the recommendation of the teachers. Give suppers about once in 6 weeks during winter to the lodgers at the Registered Lodging houses; also a dinner to the poor in the New Year, as they found the Christmas dinners overdone. They also leave money with the lodginghouse deputies to pay for bed or breakfast for deserving men & the sick. Supply hospital letters. Have had several very good cases from these houses.

The London City Mission is doing a good deal. Mrs Aulds in Grundy Street, and Mr Dodds. Regards the latter as the model missionary for East London. These visit among the people. Salvation Army has not ~~not~~ great hold. Mrs Chandler's (Poplar) is most talked about. Rev A.G. Brown was a great

of influence. All Hallows also work hard. Pressed into the houses, whether people wanted them or no. Persist even when they know that the people belong to other churches.

C. O. I. is ~~the only~~ the only. Was asked to join the Committee; ~~when~~ went once and found it so much dominated by Church influences; things referred to the Vicar & +c. Then the way enquiries were made when they were giving did not please him and he never went again. Does not suppose he is a member <sup>now</sup>. Mr. Joyner (Baptist minister) also joined the Committee at the same time.

The Poplar Union is well spoken of. This largely due to the influence of W. Crookes - 'Provoost of Poplar'.

Thinks they are rather lax. He has complained to Sir E. Bradford about the state of the East India Dock Road.

Don't think there is the same amount of drunkenness but there is a great deal of 'soaking'. The police should be ~~made to~~ supported by the public as the latter make all their work.

Prostitution

Marriage

Housing etc

"Very lamentable". Bad houses in West India Dock Road, Farrant Street and Stainsby Road. Bad women solicit openly in the Road.

Those he marries here do not marry so early as ~~the~~ in Scotland. ~~There was~~ A great many early marriages there - the Presbyterian Church was the parish church; this may account for it.

Coming from Scotland, where each family had a house, however small, Mr Mc D. felt the deficiencies of our system very keenly. Regards rents as excessive and the houses unsuitable. Subletting bad; each family should have its own apartment. The present block of buildings is too big. Thinks the Prestage Street flats are better. Rents 12/6 + 13/6. too high. Enforcing the evil of lodgers, he told of a family connected with his church and living in Woodstock Road. A man in high hat & good coat took rooms for himself & wife. He came dirty with a wife & several children & remained 6<sup>th</sup> weeks before the landlord could get him out & never paid a 1<sup>st</sup> rent.

## Church Membership.

"Never been in a place where intellectual life was as low"  
as Poplar.

29  
Have about 260 persons in full communion; of these  
about 80 are at sea, <sup>some of</sup> ~~altho~~ their families are here.

The prominence given to intellectual culture is the  
point that seemed to distinguish this church, judging from Mr  
McQueen's description of it. He regards the intellectual  
life of Poplar as at a low ebb and compares the  
ordinary working men of Poplar very unfavourably  
with those of the East coast of Scotland or Edinburgh.  
There is only one bookseller in Poplar and he is  
supported by the sailors, not by the local people.  
Thinks this ~~ab~~ condition is due to the want of early  
education and the 'strain of getting the daily bread'  
altho he does not think the men work so hard as in  
Scotland & the North. Their education does ~~not appear~~  
~~not~~ help the children much; they generally go in  
for light literature. "The only question you can  
discuss in Poplar is the Labour question."

Mr J. is a young man, this being his first pastorate. He has been settled at Poplar four years and has been here longer than any non-conformist minister. The Rev J. Austin (U. Methodist) + Rev D. M. He is a deacon + the treasurer + has been connected with the Church for many years.

The greater part of their congregation consist of shopkeepers and their families, and the remainder are working class. Not many of the lower class come, altho' they have tried to get them.

Mr J. is the only paid officer of the church. They had a missionary (London City) connected with the church but he is now attached to St Matthias Church. Of unpaid workers, there are 4 deacons, 2 deaconesses and four elders, the latter's duty being to visit chiefly

Most of the Churches follow the lead of Archibald J. Brown and have a precentor to lead their singing - not a choir. This results in congregational singing.

Shorthand and elocution classes are held during the winter. Mr J. is a manager of the local group of schools. Many of their elder scholars go to the night school, where the attendance is small but regular. Some of the young men go to the People's Palace; they usually take up

up subjects useful to them in their business.

As pastor, Mr J. visits his own people, both church and congregation <sup>systematically</sup> regularly. Undertakes to go to each twice in the year. During the first year visited each family three times.

Has also made an attempt to visit the neighbourhood systematically. Got the Parliamentary Register and mapped out the streets, two visitors being allotted to a street. In this way they visited the streets between North Street & Robin Hood Lane; the Manchester Rd & streets adjacent & the district between Eder Street & Abbotts Road. Did not think the results were satisfactory - "not worth the candle". People promise to come but do not. As illustration of this he told me that Mr E. Blanchard, the London City Missionary, visiting in the Grosvenor Buildings, visited 64 people there, inviting them to a special meeting on the evening. 41 promised to come and out of these 2 came.

The United Methodists & the Wesleyan Methodists have also tried systematic visitation. No effort is made to prevent overlapping in this visitation. The Free Church Council made an attempt but nothing was done.

## Charitable Relief.

Gave about £50 last year. The collection at the  
Communion Table is given to the poor of the church. They  
allow 3/- a month to some poor people & 5/- a month  
to one. Also 2/- a year to C.O.S. toward a man's pension.  
Held a rumble sale to obtain money for poor and  
last year had an appeal in the Freeman for the poor.  
It brought in £9. Believe in making the people  
thrifty. Has been on C.O.S. Committee and is  
grateful for the experience. He was prejudiced  
against the Society when he joined the Committee  
but his views respecting the society have  
modified since that time. ~~The~~ The people  
like the Society "as the Devil likes holy water". The  
enquiries make them averse to it. If a person  
gets over the C.O.S. there is no one else for  
them to get over.

Romans are not so active as the  
Anglicans. The Church of England is most active - come  
every week to the people. Does not make much difference;

if they want the Gospel they come to Chapel."

## Marriage

Mr J. has married 30 or 40 couples in the district but not one under 20 years of age. For marriage in the Chapel the fee is 1/6, which is collected by the Registrar. Of this 5/ is for the Registrar + 7/6 for the minister. The local registrar when he has is asked about a minister generally sends to Mr J. because entre nous he can depend upon Mr J. keeping his engagements, whilst some of the other ministers have failings in this respect.

**PREACHERS.**  
The preachers are requested to take their own appointments, or, in case of necessity, to get unauthorised substitute; failing to do so, they shall send to the Rev. J. WALTON in writing, assigning the reason they cannot take the appointment, and state what they have done to get a supply, not later than the Thursday previous, or, failing to do so, they will be held responsible for the neglect.

No person can be taken on the plan as an accredited Local Preacher unless he promise to take appointments in the open-air when planned, or give satisfactory reasons to the Quarterly Meeting why he cannot.

If any appointment be neglected, the neglecter must send his reasons to the Preachers' Quarterly Meeting, or be left without appointments on the next Plan.

**MEMBERS.**  
Members removing from this Circuit are most affectionately and earnestly requested to apply to their Leader or one of the travelling preachers for a credential.

## Social Agencies

At Chrisp Street there is a Boys' Club, which meet once a week, on Wednesday, 7 pm. It managed by a committee. The lads play games draughts etc. A good number of lads attend & they wish to make the meeting more frequent.

## Educational Work

No Educational work except the Sunday Schools.

## Visitation

Visit all the people in the neighbourhood. A society visits the neighbourhood of Chrisp St every Sunday morning and gives away about 500 religious tracts. An old lady connected with

with the church also visits a good deal; also conducts women's class on Monday.

They don't do anything themselves. Some of these people have the Salvation Army nurses.

The Church supports one old widow entirely and gives 5/- a quarter to about 10 others and 10/- at commencement of winter and at Christmas. Have a Benevolent Fund, to which they contribute for the relief of distress. Permanent relief is given to their own people. Give about £20 a year.

City Missionaries are doing a good work. Hear of Mr Dodd's work & help him.

Mr McQueen (Presbyterian) is also active & does good work but purely amongst the Scotch and shipping people. Captain Luntzer visits the Ships. ~~Does not know much~~

of the Has received some into their church, who came from the Poplar & Bromley Tabernacle (Mr Knight Chaplain). Mr Joyles (Cotton St Baptist) does a good work but does not touch ~~the~~ St Lo's neighbourhood.

Comparison of  
Poplar + Penze

No co-operation in Christian work. Have so much to do that no time.

Poplar (Christ St) Chapel licensed for marriage. Many their own people + others sometimes. Most of the poor people go to Church. Has not married any under 21 years of age.

Mainly about the East + West India Dock Road. Don't think it is so bad as people think it is.

Mr Lee came from Penze and compares the people at Poplar very favourably with those at Penze. Does not know a street in Poplar that is worse than Apley Road, Penze. He does not mind visiting anywhere here. At <sup>Penze</sup> ~~Poplar~~, he only visited in such streets as Apley Road from a sense of duty. The people here are more genuine. At Penze there is a kind of shabby gentility. The people fancy they are living in a suburb. Most look better off than here.

Road, they have difficulty in holding their own. whilst at Maria Street, there has been a great falling off in past years followed by a slight recovery but the work there is still at a low ebb. Mr L. spoke somewhat sadly of the large congregations, which he was told they used to have at Maria Street but which he has not seen. The chapel being only filled on very exceptional occasions. Taking the work of the circuit as a whole, there is a decided increase.

Mr Lee is a young man, probably about 30, quiet yet energetic and with clear & decided views as to the work of the church.

Captain <sup>Geo.</sup> Fowler. 29 Locksley St. Limehouse.  
In charge of Limehouse Division & the Citadel, 769 Commercial R<sup>d</sup>  
East.

The district worked by this corps includes the whole of Limehouse and the part of Poplar between Stainsby Road and North Street. It is divided into 4 wards, each in charge of a ward sergeant. There is a difference between the Limehouse corps and the Poplar captain, each regarding the portion between Stainsby Road & ~~North~~ North Street as their own and both work it.

The Citadel, built by the S.A. contains a large hall seating about 600 and a small hall used by the Juniors, which will hold 300 children. There are 3 other rooms.

The Captain & Lieutenant are the only paid officials. They are entitled to 18/- and 15/- a week respectively, if the funds suffice for this but as a rule they do not. The surplus income after the corps expenses are paid is available for the officers salary. Last week each had 14/6½, the balance

being

being equally divided. Looking thro' the book I saw that it was very exceptional for the officers to obtain their money - 9/9 and similar small sums were the usual payments. One entry of 23/3 was the only amount above 18/- that I saw. When the weekly income is sufficient the officers may be paid any arrears of salary but these arrears do not rank as a debt against the corps. Capt Fowler said that his salary was £11 in arrear and he has only been at Limehouse 8 months, so that at most he can only have averaged about 10/- a week. When he leaves Limehouse as he will shortly do, he will lose all claim on the corps for these arrears.

The other chief officers are the Secretary, Treasurer and Sergeant Major. The Sergeant Major would take command in the absence of the Capt. & Lieutenant. There are also 10 sergeants, each of whom is responsible for part of the work. The Corps numbers 93 - 81 soldiers and 12 recruits. Juniors Corps 27.  will try and come to Knee Drill every Sunday in June, July, and August.  
 "For He satisfieth the longing soul, and filleth the hungry soul with goodness."

Open Air Meetings

Tuesday 6.30. Band of Love. Children are supposed to pay 1d a month but cannot get them to do this regularly. They have a pledge similar to that of a Band of Hope but more comprehensive. ~~It includes~~ It includes kindness to dumb animals, and they agree not to drink intoxicants, nor to steal, smoke or swear. Have a small pledge card. 25 children attend. Consent of parents is obtained for them to join.

Friday 6.30 Junior soldiers meeting About 15 or 16 average.  
Wednesday.

Open Air Meetings are held on Sunday at 10 am, 2 pm + 6 pm and on Monday / Wednesday, Thursday + Saturday evenings at 7. or 7.15 PM. These meetings are held in different parts of Limehouse except on Saturday night (7) when they go to the Triangle, Salmon's Lane + Sunday night (6) at the Fountain, corner of E. India Dock Rd. Other places see card (Soldier's Pledge) At these meetings they get a very fair attendance. If he takes a good number with him, they get a good meeting; if he has not a dozen with him they don't get a large attendance.

### Visitation

48  
Stainsby Road is one of their best spots: get 100 or 200 people there. Asked about Limehouse Fields he said it was a difficult spot. They always got felled with all kinds of things, manure etc, when they went there - still they did not intend giving it up.

They have a Brass band of about 18 members. It meets for practice on Wednesdays, 8 AM. He spoke with enthusiasm of the self-denial of these men. They went out on Sundays to the open air meetings all day, generally in full strength and on Monday, Wednesdays & Saturdays, although on weeknights only about half of them turned up, but this was because they worked late.

The Captain & Lieutenant are each supposed to do <sup>at least</sup> 18 hours visitation a week. They visit the members of the Army and the people who come to the hall. They would visit generally if they had time but they cannot do it. The Ward & Visiting Sergeants also visit.

visit. Some of these are women and they give  
up an afternoon <sup>or two.</sup> a week to it. These women can  
visit the homes better than he can. A certain  
class of people are always ready to put a  
bad interpretation upon anything he does  
not like to give them opportunity.

Very little charitable relief given. Have not the  
money. In case of need writes to the headquarters  
of the Social Wing and would send the people  
to the Social Wing 272 Whitechapel Rd. Lt Col Richards.

Does not know anything of the work of  
the Churches. With meetings every night, he has  
no opportunity to become acquainted with them.  
Tries to widen the people's views by keeping them  
in touch with the Missionary work. Knows  
that Dr Barnard's place is doing a good work.

Police are very friendly. Only one place, where  
they cannot hold a meeting e.g. corner of Fagott St,  
owing to opposition of an eating house keeper.

Beebles Street (late Jamaica Place) is a very  
bad spot.

Drunk

Captain Fowler Personal Points

Drunk is a terrible curse. The little places in the back streets are the worst, where people sit for hours and soak. The Copenhagen in Copenhagen Place and another house near the Town Hall (Limehouse) are terrible places.

Captain Fowler is a young man, thin wiry and very active both in body and mind. He was very anxious not to overstate his case, occasionally reducing the average when he was doubtful. He has been here 7 months and hopes they will let him stay. There is something to do. The Corps is growing now and is in a healthy condition. Expects they will "make a fine leap in the works". There is a steady, healthy, growth now. Was at Barnett <sup>before he came here.</sup>

He likes the work and is glad he is not paid a fixed salary. If he were he would resign tomorrow and go back to the railway. They He would never send to headquarters for assistance. They have enough to do with the foreign missions and other things. They sometimes have to go without but they never want food. It

How the Officers live

An Appreciation

51  
has never come to that. Sometimes have to go shabby in clothes but it is not for long. God always provides for them wonderfully.

Capt Fowler had spoken very warmly of the self-denial of his Band. I cannot but admire that of the Captain & his lieutenant. Both young men; they live in this little six roomed house doing their own house work etc. The house is but poorly furnished. No carpet on hall or stairs. The front room into which I was taken contained 2 tables, chest of drawers, a few chairs and a couch. And on the walls were a number of portraits of Salvation Army worthies - the General, Mrs Booth &c.

Both evidently live very hardy and work hard. Captain F. when telling me that officers were not allowed to remain more than 6 to 9 months said very simply that they could not stand the work - he could because he was exceptional strong & wiry. Probably both work very much harder & for longer hours than in their secular employments. Captain Fowler's only regret was that he was not better trained for the work & had not time for study.

Trinity Congregational Ch

Trinity Chapel.  
Historical A

Mr John Gretton 232 High Street, Poplar.  
Deacon & Sunday School Superintendent at  
Trinity Congregational Church. East India Dock St.

Mr G. is a man of about 70 years of age. Gray headed and with a calm bright face, and a cheerful manner. He has been connected with Trinity Chapel since 1851 and was a deacon at Stepney Meeting House before he came here.

Trinity Chapel was built by the late George Green in 1843. It was intended for an episcopalian Church but the Bishop would not allow Mr Green to appoint the first minister. Mr G then turned the building into a Congregational Church and endowed it. At that time Mr G. was one of the principal men in Poplar if not the chief, and they gathered a large and influential congregation. Changes in the neighbourhood have altered this: only those live in Poplar now, who are compelled by their business to remain. The place of the emigrants is taken by a poorer class.

Mr G. thinks that the Rev. A. Mearns and Rev - Chubburn (a former pastor of Trinity) have drawn

driven people away. People have heard <sup>about</sup> Poplar in ~~some~~ many appeals that they have regarded it as a bad place and those here have moved away to places having a better repute. The trade union "business" has also helped to drive people away. On Sundays parties of T. U's are marching about the district with bands and banners. Have had as many as ~~a dozen~~ <sup>twenty</sup> bands pass Trinity Church with their ~~bands~~ playing and banners waving, quite disturbing the congregation. Began about the time of the Great Dock Strike and has gone on since. Seldom a Sunday without something of the sort.

Pastor ( This office has only just been filled after a vacancy of nearly 12 months. Organist and chapel keeper. are the only others paid. They have 5 deacons. and 33 Sunday school teachers in the home school and 17 in the Branch School at the Shaftesbury Hall, Kirby Street ( See Interview with Mr W. Dodd (Book 4) <sup>page 31</sup> )  
 The young people of the church also work at the Mission in Augusta Street. ( See Interview with Mr. Aullo (Book 4, p 51) )

Saviour, breathe an evening blessing.

(Leaflet No. 507, by kind permission of J. Curwen & Sons.)

Saviour, breathe an evening blessing,  
Ere repose our spirits seal,  
Sin and want we come confessing,  
Thou canst save, and Thou canst heal;  
Though destruction walk around us,  
Though the arrow past us fly,  
Angel-guards from Thee surround us,  
We are safe if Thou art nigh.

Though the night be dark and dreary,  
Darkness cannot hide from Thee;  
Thou art He who, never weary,  
Watchest where Thy children be.  
Should swift death this night o'ertake us,  
And our couch become our tomb,  
May the morn in heav'n awake us,  
Clad in light and deathless bloom.

## Church Memberships

57  
They have a Benevolent Society and Poor Fund for which monthly collections are made. This Society gives 2/6 a month to some people. Have 13 almshouses receiving 4/- a month. Also gives coals. Used to give 5/- but had to reduce it to 4/-. Beside the monthly collections, subscriptions & donations are received from the members etc. & an entertainment is given.

The Young People's Guild also gives a dinner to old people at Christmas - about 50 and also gives occasional entertainments during the winter.

Visitation is done by the L. C. Missionaries, Mrs Dodds & Mrs Suldo. Have also a lady's committee, which undertakes the visitation of absent members. They visit every month, after the communion service.

No special arrangements for nursing. The doctor would send for the district nurses. These sisters are doing a good work.

Church has a membership of about 200.

## Other Religious Influences

56  
Mr Elliott's people visit a great deal.  
St Frydeswithe is more active - very active indeed  
Mr McQueen (Presbyterian) is energetic sort of fellow.  
Methodist (E. S. R?) have a great struggle. Heavy debt.  
Christian Community in High Street Poplar. Have a  
good mothers meeting - conducted by Mrs Adams &  
Mrs Blatch.

Mr Chandler (Rector) does not believe in dissenters  
at all and cannot get on with them. Mr G. told  
how when they had a mission at Trinity, one of  
the young men proposed that they should ask Mr  
C. to lend them a large illuminated gas sign.  
"Come to the Mission" which it appears had been  
used at one of a church mission. The young  
fellow actually preferred the request to Mr C.  
who refused saying that he was willing to do  
~~help~~ what he could but when it came to helping  
an opposition shop!!

Police have a good name.

lent at the present time the sanitary inspectors are very strict. They follow up the medical officers reports.

This chapel is one of the few that have an endowment. The income from this source amounted to £316 in 1895. of which £218 was for the minister, £44 for the musical service and £44 for the Sunday school.

The Church appears to have had great difficulties owing to the gradual change in the character of the district and since Mr Wilson left - the condition of his wife's health being the cause of removal - the work has been declining somewhat rapidly. Mr G. however speaks very hopefully of the prospects now that the new minister has been appointed & is looking for the revival of some of the old glories of Trinity.

Rev. W. W. Grigg. 42 East India Dock Road E.  
Wesleyan Minister in charge of the Seamen's Mission.

Mr Grigg is a middle-aged man, short, rather stout & pleasant looking. He has sole charge of the Wesleyan Seamen's Mission.

The premises consist of a chapel (Brunswick) in Three Colt Lane, Limehouse and a Seaman's Rest in Jeremiah Street, Poplar.

The chapel is supposed to seat 800 but would be well filled with 600 people. The school room is in Mitre Buildings.

The Seaman's Rest consists of a small house in Jeremiah Street, within sight of E. I. Dock Road, which has been extended & adapted for the purpose, the lower floor being used as a reading room etc & the upper rooms for meetings.

The chief work of the Mission is in the Docks, and in the places where seamen resort, visiting the men etc.

Beside the Superintendent Minister (Mr Grigg) three lay

lay agents and a bible woman are employed. Each has a district, their main work being visitation. One visits the East & West India Docks, & Millwall Dock; another the Victoria & Albert Docks and one the London & St Katherine's Docks. The men do not keep strictly to this plan as the visitor may follow a man from dock to dock and thus to a certain extent they overlap. The Bible woman visits the sailors' lodging houses.

The visitors board the ships, recommend the men to go to the sailor's home in Wells Street and also send them to lodging houses if they wish it. <sup>(Gopler)</sup> The need for this kind of work is not so great as it was, the men being able to send their money home direct from the shipping offices & so are not in the same danger of being robbed.

At Grennah Street Sailors Rest. Service held every day at 12 (noon). and also every evening. On Sunday one service is held. Number attending varies much. All sailors.

## Church Membership

### History of the Church

Have about 90 people in class membership; all local people and a membership of about 100 amongst the sailors.

Some years ago a flourishing Methodist church existed at Limehouse but with the change in the neighbourhood it declined. The Chapel was then handed over to the Seamen's Mission, as a centre for that work, the members of the church then remaining forming a nucleus for the mission work, consequently the 90 are the ~~old~~ members of the old church and the 100 the seamen brought by the Mission.

## Charitable Relief

No co-operation but  
friendly with other Sailors' Homes etc.

Church work becoming  
more difficult in Limehouse.

62  
Charitable gifts average about £25 a year. Largely spent in finding "lodgings and grub grub" for men down at heel. Dealt out in small gifts. Occasionally they have a family in distress. The communion & <sup>lovefeast</sup> collections are the only collections they make for the poor. It does not amount to more than £10 a year.

No co-operation with other bodies but friendly with all - The British & Foreign, Mariners Friend, Thames Church Mission etc. The Mission to Seamen have a big place. Presbyterians have an agent - Mr McQuinn a very good fellow - goes specially for the Scotch. They (e.g. Sailors Rest) are pretty well in touch with West Indian and coloured men. The caretaker at the Rest is Jeremiah Sheel is a coloured man.

The Church work in Limehouse they find more & more difficult every year. Last year they added 20 to the membership, almost entirely young people from the Sunday school but they have had losses from removal. Is afraid they will not have increase this year. As in other churches, the people

63  
are leaving and going to better neighbourhoods - Leyton  
Forestgate and Ilford.

Very little religious work in neighbourhood  
apart from the Established church. Limehouse church  
has a good congregation.

~~The~~ A little mission room in Bolt Lane is occupied  
by the Plymouth Brethren. Several attempts have been  
made there by others previously.

Upon the general questions, Mr G. had nothing to  
say except that the 'Wade's Arms, Jeremiah Street  
was a publichouse largely used by sailors.
